P R E F A C E

In issuing the sixteenth volume of the Waltham and Watertown Directory, the publisher takes pleasure in acknowledging his indebtedness to the many patrons of the work for their valuable support, which has contributed so much to its compilation and success.

An examination of its pages will show that a large proportion of the business concerns of both places are represented in its advertising department. An advertisement in the Directory is sure to be criticised and commented upon, not only by the advertisers themselves, but more so by those who are not patrons, and these comments are just what advertisers desire, as it is proof to them that their object has been attained. The Directory is not glanced at and then thrown aside, as is almost every other advertising medium, but it is a continual book of reference in every business house and family in the city it represents, as well as the large number of cities in which it is circulated outside of its home. The Waltham Directory will hereafter be issued annually.

Respectfully,

F. H. RADFORD, Publisher.
